Screens & Dividers

The ideal solution for shops, offices, cafes, hotels, hairdressers, gyms etc.
Gives confidence to your customers and protection to your staff.

Government guidelines state that *“Where it’s not possible for people to maintain social distance, you should do everything practical to manage the transmission risk by using screens or barriers to separate people from each other”*.

Screens are part of the “new normal”, they are here to stay for some time so you need a solution that is durable, looks professional and is easy to maintain and sanitise. Our transparent partition screens are the perfect solution for counter and till areas in retail shops, office desks, or for partitioning restaurant seating areas to maximise capacity. Ideal for gyms, hair salons, and leisure venues. Our aluminium framed acrylic screens are made to measure and built to last with clean, professional styling.

This modular frame system can be customised to suit your requirements

U-shaped

- We will measure on site
- Create your bespoke screen layout
- Provide drawings and costs
- Manufacture and install

L-shaped

- Options include:
- Cashier slots
 - Cable management routes
 - Angled desks & counters
 - Variable height counters & desks
 - Powdercoated frames
 - Logo or branding on screens

Sanitiser Station

This free standing, lightweight and portable design offers a stylish way to provide hand sanitiser to your customers and staff

Government Guidelines for businesses state that requirements for businesses will usually include “*Encouraging customers to use hand sanitiser as they enter premises*” and “*providing hand sanitiser for the operation of lifts*”. Provide your customers with peace of mind as they enter your shop or premises, with this unique portable stand, that looks great and also takes up very little floor space. These durable, yet lightweight stands are printed with a standard message or for a small additional cost can be customised with your own personal message, branding or corporate colours.

The legs are removable for flat pack storage and the bottle stand has been reinforced to provide stability for all types of gels and spray dispensers. The entire sign can be cleaned with a wide range of regular cleaners and sanitisers.

These low cost units work with most readily available pump or spray bottles, so you are not tied to expensive cartridges or refills. Can also be supplied without the bottle shelf for use with wall mounted dispensers.

Our standard
COVID-19 sanitising
station, comes with
recognisable and
vibrant messaging

Free Standing Sanitiser Station

1180 x 430 x 450mm

Child friendly stations with a selection of colourful designs, age appropriate messaging and a lower sanitiser holder

Clothing

With a vast catalogue of clothing options ranging from high visibility work wear to staff uniforms, find your perfect fit with us

You can view our **extensive range of garments online** at www.legraphics.co.uk, request a catalogue to be posted to you or collect a catalogue from our store. All of the garments in our catalogue can be personalised with your company logo, branding or COVID-19 safety message. Some of the ways we can do this are:

Embroidery - nothing can compare to the quality look or feel of an embroidered crest. It is colourful, attractive and durable. Our range of single and multi-head embroidery machines allow us to cater for all sizes of order from a single garment to runs of thousands and our flexible approach means that no order is too big or too small.

Screen Printing - is very often the most suitable method of applying large designs to light weight garments. It is also ideally suited for large volume runs of low cost garments (such as promotional tee shirts).

Transfer Printing - using our cut film printing equipment to print your garments with one or two colour designs which are cut from a special film which is then heat-pressed onto the garment using an industrial heat press – the result is very similar to screen printing and can be applied to all colours of garment with long lasting results.

Hi-Vis Vests

These cost effective 100% polyester Hi-Vis Vests with tear release front closure, can be printed with your safety message and logo. We supply a wide range of high quality, high visibility safety wear from various manufacturers all of which can be printed with your branding.

Staff Uniform

With an extensive range of t-shirts, polo's, hoodies, jumpers etc... which also come in a range of colours, you can find the perfect fit. All of these garments can be printed with thermal transfers or embroidered, so the range of possibilities is endless.

Face Coverings

The reusable, single-ply, non-clinical masks, are treated with Polygiene ViralOff® anti-bacterial, anti-viral technology which kills 99% of viruses on the mask fabric within 2 hours. They fit the contours of the face, covering nose, mouth and chin with no ties reducing airborne particles from coughing or sneezing.

Message Mats

Government guidelines state that requirements for businesses will usually include *“Using markings and introducing one-way flow at entry and exit points.”* as well as *“Introducing more one-way flow through buildings.”* and *“Regulating use of high traffic areas including corridors, lifts, turnstiles and walkways to maintain social-distancing.”*

For many businesses the floor is an ideal place to display social distancing messages and, indeed, sometimes it is the only practical place to put one-way and route marking information. However not every floor is suited to vinyl stickers and this is where our range of high quality printed carpet and mats come in. We can make carpet mats in virtually any colour and design but to help you manage the current crisis, here we have put together a range of Covid-19 based designs.

Sani-Dry Mat Combination (2 Mat System)

Our 2 mat system **cleans and disinfects the shoes** of customers entering your place of business.

The Sani-dry mat combination promotes impeccable hygiene in any occupational environment. The first mat should be sprayed as needed with a disinfectant, while the second mat will dry the shoes and keep facilities clean and safe.

- **Spray your disinfectant on the mat where indicated, just enough to make the mat feel wet on the touch**
- **Place the disinfectant mat before the wipe-off mat**
- **Keep the wipe-off mat dry so it can absorb the residual disinfectant solution from your shoes**

* All of these mats can be printed in a wide range of different colours, to match your existing decor or to stand out as a vibrant warning.

**An ingenious solution which
will work for all types of surface**

A-Signs

Free standing, lightweight and portable

Government guidelines state that requirements for businesses will usually include “Providing clear guidance on social distancing and hygiene to people on arrival, for example, signage and visual aids.”

Our low cost A-Signs are a great way to reinforce your COVID-19 safety messages throughout your shop or place of business, whether it be a larger sign at an entrance or smaller versions that can be easily placed around aisles and small throughfares.

These lightweight A-Signs are printed with a range of standard, double-sided messages (eg. 1 person at a time / social distancing / sanitising / one way systems) or for a small additional cost can be customised with your own personal message, branding or corporate colours.

A weight can be easily set inside the base for stability outdoors and the entire sign can be cleaned with a wide range of regular cleaners and sanitisers.

Large

850 x 600 x 250mm (Double Sided)

1no.	5+	Bespoke Designs
£59.00	£54.00	+ £10.00

Small

530 x 400 x 150mm (Double Sided)

1no.	5+	Bespoke Designs
£27.50	£25.00	+ £10.00

All prices subject to confirmation at time of ordering.
All prices subject to VAT where applicable.

The A-Signs can be placed in a variety of locations to reinforce your safety message and provide guidance for customers.

The small lightweight, portable A-Signs are perfect for one way systems that have limited space.

Also available Double Sided A-Frames

575 x 295 x 375mm A-Frames

1no.	5+	10+
£32.80	£30.00	£27.50

All prices subject to confirmation at time of ordering.
All prices subject to VAT where applicable.

Outdoors

Government guidelines state that requirements for businesses will usually include *“Using outside premises for queuing where available and safe, for example some car parks.”* and *“Managing outside queues to ensure they do not cause a risk to individuals or other businesses, for example by introducing queuing systems, using barriers and having staff direct customers.”*

For many businesses social distancing and crowd management don't start at the door. They start outside and with unpredictable weather you need to be ready to provide shelter for your customers while they wait to enter your premises. Our branded gazebos, parasols and cafe banners can help with this. Cafes, Hotels and Pubs can also make use of our branded parasols and cafe banners to increase capacity by providing much needed additional seating outdoors.

Gazebos

Maximise use of outdoor space for seating customers, or simply provide shade and shelter to manage queues. Our gazebos are manufactured from a strong and reliable aluminium frame, with a polyester canopy, and numerous interchangeable side / wall options, to create a bespoke gazebo perfectly suited to your needs.

The customisable roof and side panels have a massive area in which you can display your branding, advertising or social distancing safety message.

They are fully compactible into a carrier bag, and can be easily erected, weighted down with various bases if necessary or fitted with wheels for easy transportation.

Available in

3m x 3m
6m x 3m

You can further enhance these gazebos with

Full / Half Side Panels
Full / Half Back Panels
PVC Window Panels
Zipped Door Panels
Heating & Lighting

Parasol

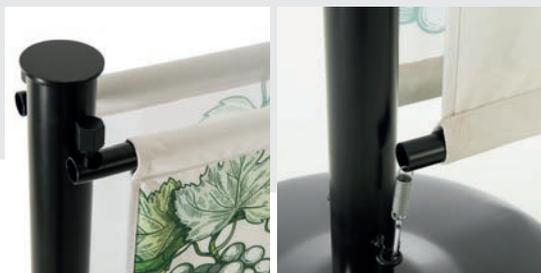

These modern six panelled parasol with wooden stem is an ideal solution for covering customers as they queue outside your place of business, and open with a rib and pull cord system that allows for easy operation.

The panels are fully customisable with your branding, logo's or social distancing message.

Cafe Banners

Practical and perfect for any location and ideal for creating designated areas, or managing queues whilst also promoting your brand or displaying a social distancing message. The printed PVC fabric banners are stitched to add strength and longevity, and along with the spring tensioning system, allows for limited movement preventing against tearing due to high winds.
