Bottle Holder Sanitiser Stations

Government Guidelines for businesses state that requirements for businesses will usually include “Encouraging customers to use hand sanitiser as they enter premises” and “providing hand sanitiser for the operation of lifts”. Provide your customers with peace of mind as they enter your shop or premises, with this unique portable stand, that looks great and also takes up very little floor space. These durable, yet lightweight stands are printed with a standard message or for a small additional cost can be customised with your own personal message, branding or corporate colours.

The legs are removable for flat pack storage and the bottle stand has been reinforced to provide stability for all types of gels and spray dispensers. The entire sign can be cleaned with a wide range of regular cleaners and sanitisers.

These low cost units work with most readily available pump or spray bottles.

BOTTLE HOLDER SANITISING STATION

HAND SANITISING STATION REFILL 5L

5 Litres
HAND SANITISER
75% ABV
£40

75% abv Alcohol Hand Sanitiser which kills 99.9% of Viruses & Bacteria on contact

Our Hand Sanitiser Liquid Rub is an alcohol based instant antibacterial hand sanitiser liquid with a thin consistency suitable for our automatic hand sanitisers. Highly effective against harmful microbes on contact. Effective against a wide range of viral and bacterial infections.

Fast drying, long lasting protection. Your skin remains safe and cross contamination is prevented. LE Graphics Hand Sanitising Station Refill acts as a secondary disinfectant agent for extra protection while eliminating the need of using wipes or towels to dry up hands after washing with water. A 5L Refill will refill the reservoir in our dispensers 4 times and will provide 5,000 hand sanitising cycles

- SPECIFICALLY FORMULATED AND TESTED FOR OUR PRODUCTS
- WITH ADDED EMOLLIENTS TO PROTECT YOUR HANDS
- MEDICAL GRADE
- KILLS 99.99% OF BACTERIA, GERMS & VIRUSES
- WORLD HEALTH ORGANISATION HAND FORMULA 1
- MEETS EN (EUROPEAN) AND ATSM (USA) STANDARDS
- PERFECT TO PROTECT AGAINST COVID-19
- MANUFACTURED IN NORTHERN IRELAND
